## *COMMUNITY TRUANCY BOARD VISION*

*Improving student attendance through positive interventions and partnerships between home and school.*

The goal of the Community Truancy Board (CTB) is successful school re-engagement and renewed progress toward school completion and graduation for students struggling with attendance. Members of the CTB identify collaborative efforts to prevent and remedy truancy in its early stages prior to Full Juvenile Court involvement.

Volunteer members of the CTB include a Facilitator; Family Liaison; School Administrator; Community member and a Grant County Juvenile Court Truancy officer.
